NEW IMMUNIZATION LAW

The New State Immunization Law passed by the last legislature says that any student should NOT be allowed admission to school next Fall unless the parents have furnished verification that their student has completed his immunizations.

This affects all school age children through the 12th grade. Requirements are a minimum of 4 DPT or DT (with a booster every ten years), 3 Polio, and one each Measles, Rubella, Mumps.

A child may be exempt for medical, religious, or personal reasons, but the parent must sign a waiver. These waiver forms are available at the individual schools or the Wasatch County Health Department.

Parents, please begin now to collect the necessary records. Also, any immunizations that are needed can be given - starting now.

Special immunization clinics will be available in the Jr. and Senior High Schools during the noon hour on March 25th, April 22nd, and May 20th. There will be an administration fee of \$2.00 per student. The regular immunization clinic at the court house will still be held between 11 AM and 1 PM the 1st Thursday of each month. Immunizations are also available from your family physician.

Parents, please come to any of these clinics to give consent for immunization and document correctly all previous immunizations records with our school nurse or County Health Department.
